FREEZE-PEFFERS

A quiet wedding was solemn-
ized at the home of the
groom's brother, Alderman
Frank H. and Mrs. Freeze, Hope
St., Calgary, on Saturday after-
noon at 5 o'clock, when Miss
Anne Peffers, daughter of Mr.
and Mrs. Robert Peffers of
Princeton, Ontario, became the
bride of Dr. Edwin H. Freeze of
Champion, Alberta. The cere-
mony was performed by Rev.
A. C. Archibald, D. D., Pastor
of First Baptist Church, Cal-
gary, in the presence of a small
group of relatives and friends.
The wedding march was played
by Mrs. Philip Bosse. The
bride wore a navy blue suit
with hat and accessories to
match. Her carriage was of
gardenias and lily of the valley.
The home was beautifully
decorated for the occasion.
During the reception and sup-
per, Mrs. A. C. Archibald and
Mrs. B. S. Covey presided at the
tea table, which was decorated
with pink emporiums, tulips
and fern, together with tall
pink and green tapers. Dr.
and Mrs. Freeze left shortly
after their honeymoon in the
Western States, returning to
Champion, where they will
reside, on June 1st.

Celebrate 6th Birthday

The U. O. R. P. celebrated
their sixth birthday on Friday
afternoon, April 26th by a
bridge party held at the home
of Mrs. W. McKee. In spite of
the busy day most of the
couples and their guests turned
out to their usual peppy music
and make the afternoon very
enjoyable one. Dainty
refreshments were served
under the supervision of
Lillian M. Rice, Sybil and Ger-
trude, a special feature being
the birthday cake decorated by
Ledy Claver in lodge colors and
bearing six birthday candles.
The honors in bridge went to
Mrs. W. E. Watkins and Mrs.
Martin Sietto, while the con-
solation was won by Mrs. A.
Miller. Mrs. Miller also held
the lucky ticket and won the
birthday cake.

Mrs. Ella Beaulieu had as her
guest on Sunday, Mrs. Grey-
ville of Calgary.

In Memorium

Sacred to the memory of Frank,
beloved son of David and Elizabeth
Scott, who died May 12th 1929, aged
2 years and 8 months.

Just a thought of sweet remembrance
And a memory fond and true.
Just a token of affection,
And a heart ache just for you.

Days of sadness still come o'er us,
Hillside tears do often flow.
Memories keep him ever near us
Though he died six years ago.

Do not ask us if we miss him
There is such a vacant place
He waits above for all his loved ones
To meet him some day face to face.

God has taken home our darling
Placed our lost darling in His bosom.
Take a house the boy He lent us
To a neighbor home than ours.

Remembered by father, mother,
brothers and sisters.

Make New Agreement With Municipal Doctor

The regular monthly meeting of the
council of the Municipal District of
Harmony, No. 128, was held in the
municipal office, Champion, Thursday
2nd May. All members of the council
were present and reeve Griffin presided.

The minutes of the previous meeting
were read and on motion of councillor
Matlock, same were adopted.

The secretary presented accounts in
the amount \$890.85 and on motion of
councillor Ellis same were ordered
paid.

Dr. Freeze interviewed the council
in respect to a new agreement for
medical attention to patients. This
look up considerable time as each
councillor debated on same. The fol-
lowing is a brief summary of the New
Agreement that was accepted by the
council.

AGREEMENT

I hereby agree to do, and provide
general medical, and surgical attention
for all residents and all children up to
the age of sixteen years requiring same
within the limits of the Municipal
District of Harmony, No. 128.

Perform all operations on same that
I am capable of doing with the aid of
my local assistants, and efficiently at-
tend to in local hospitals, excepting
cases, when in ordinary practice a
specialist would be required.

Also there shall be an additional fee
of three dollars and fifty cents for
each day trip, and an additional five
dollars for each night trip, for first
calls to be made in attending to chil-
dren, such fees shall be paid by parents
or guardian. All further calls free of
charge. Also that I may have the
privilege of ordering a nurse, or to
send the patient to a hospital, in cases
which require more than one call a
day.

Also where roads are impassable for
a car, I may require the people sending
or me to come on me with a team. I
further agree, that in the event of my
being away or indisposed, I will not leave
the Municipal District without ar-
ranging for a qualified physician to
substitute for me. All this I hereby
agree to do for the said sum of eight-
hundred dollars (\$800.00) per year.

A condition was passed accepting
the above agreement, and the Muni-
cipal District of Harmony agreed to pay
to Dr. H. Freeze, the sum of one hun-
dred dollars per month for 12 consecu-
tive months, at the expiration of this
period, Dr. H. Freeze agrees to turn
in to the secretary-treasurer of the
Municipal District of Harmony, ac-
counts uncollected, in the amount of
\$800. These accounts shall have accrued
during the life of this agreement, after
which the Municipal District of Har-
mony further agrees to pay Dr. Freeze
the sum of \$800. Being balance of sum
specified above. The above motion
was sponsored by councillor Long,
Councillors Long, Griffin, Matlock
and Griffin voted in favor of the agree-
ment, and councillor Ellis and Sme-
ville were opposed.

This agreement to become effective
as at June 1st, 1935 and expiring on
May 31st, 1936.

A discussion arose in respect to the
Grasshopper Campaign for 1935, and
councillor Ellis moved that J. D. Mc-
Dougal have charge of the mixing
station. Carried.

The council further discussed pre-
vious method of distribution of grass-
hopper bait and councillor Long moved
that in future all farmers who have
land in the Municipal District of Har-
mony must get their supplies of poison
bait from our mixing station at Cham-
pion. Carried unanimously.

The following is schedule of wages
The Municipal District is prepared to
pay for labor on public works, and
grasshopper station engineer 50c per
hour; grader men 40c per hour; laborer
30c per hour; Grasshopper station
laborer 25c per hour; foreman 35c per
hour.

As the hour was getting late, the
council decided to table the business

Figures Are Interesting

Statistics Show Important Place Occupied By Canada's Railways

The place which Canada's railways occupy in the Dominion's affairs is a strikingly shown in some statistics recently released. Last year 66,626,000 tons of freight were transported by Canadian railways and 11,000,000 passengers travelled on their trains. The total payroll of Canada's railways for the year amounted to \$141,075,000 paid to an average of 119,000 employees. The railways are one of the largest consumers of Canada's coal output. Some figures in this respect covering Canadian National lines show that out of every dollar of the \$151,936,075.50 spent last year in operating the railway, approximately 10 cents went for fuel. The fuel bill for locomotives amounted to \$14,705,092.33 for the year; the water bill amounted to \$88,700.94. Approximately 60 cents out of every dollar of expenses went for labor. Information as to commodities handled over Canadian National lines throughout the year gives a slight on the extent to which Canada's mining industry has grown. Products of the mines constituted the largest portion of the total revenue tonnage, 12,092,546 or 32.7 per cent. Agricultural products accounted for 23.1 per cent, forest products 12.2 per cent, animal products 2.7 per cent, miscellaneous 28.8 per cent.

In Bed With Neuritis Every Winter

Until Kruschen Brought Relief

"For three years," writes a woman, "I have been sick in bed about three months every winter with neuritis in my hips and legs. Last winter I started taking Kruschen Salts, and got relief from the first dose. This winter I have not been in bed at all."—(Mrs. D. M.)

Neuritis is a result of impurities in the blood. And it is impure blood, circulating all over the system and setting up inflammation in the joints that causes those excruciating pains. Kruschen Salts can be safely trusted to set the matter right. Because Kruschen contains just what Nature needs to purify the blood, you can come back into a healthy, normal condition.

Necessity For Canada

Control Of Wheat Supply Needed States British Economist

Regulation and control of wheat supply is a necessity for Canada and other dominions exporting wheat to Great Britain as Britain's population is no longer increasing and her wheat demand is stationary. Sir Josiah Stamp, noted British economist, stated at Montreal.

Chairman of the London, Midland and Scottish Railway and a director of the Bank of England, Sir Josiah was in Montreal while en route with Lady Stamp from Quebec to New York on a combined business and pleasure trip to the United States.

Sir Josiah, who headed a royal commission on the Canadian wheat situation a few years ago, hoped any increased business to the Canadian wheat farmer as a result of the United States' dust storms would not start him increasing acreage and crop production under the impression the benefits would be permanent.

Rapid Transport

London Aviator Planning Week-End Trip To Canada

Flying what is designed to be the "premier" long-range plane in the world, Capt. T. Campbell Blair is planning a "weekend" trip to Canada this summer. It was learned in London.

The flight will be the second of four proposed "weekend" flights, the others being to Cape Town, the Orient, and an unknown destination respectively.

The February movement of bacon from Canada to Great Britain, viz., 14,765,200 pounds, was almost double the volume for February, 1934. The total value of bacon exported during January and February, 1935 was 28,370,600 pounds, an increase of 9,823,600 pounds over the shipments in January and February, 1934.

Popcorn seed imported into Canada from July 1, 1934 to March 1, 1935, amounted to two pounds only. During the past winter local growers at Magrath, Alberta, marketed over 1,000 pounds of shelled popcorn.

Mount Ararat, on which Noah landed the Ark after the great flood, is now more than three miles above sea level. 2097

Took Part In Convention

Blind, Crippled Child Astonishes Delegates With Her School

Kindliness which all good school teachers feel towards children came readily for Lucille Kemp, a little blind and crippled girl from Tavistock, Ontario, who took an important part in the public school department's session of the Ontario Education Association's convention held recently in Toronto.

Lucille was brought by her parents, Mr. and Mrs. John K. Kemp, especially for the occasion. In the my pink frock she evoked the kindest of attention as she was carried onto the stage by her proud father. But when she began to give her number, admiration and sympathy went together in the hearts and minds of delegates who proudly saw in the child's artistic and skillful demonstration an example of what a home instruction unit under the auxiliary classes department of the Ontario Department of Education had been doing for physically handicapped children.

Lucille played her harp for an audience which applauded her when she was through. With excellent expression in her pleasant voice she recited a poem which she had written. While the delegates, with rapt attention, watched her cheery, earnest face, she wrote a business letter on a typewriter with a Braille keyboard. Using a relief map of the British Isles she gave her audience a lesson in geography.

QUIVERING NERVES

When you are just on edge . . . when you can't stand the children's noise . . . when everything you do is a burden . . . when you are irritable and blue . . . try Lydia E. Pinkham's Vegetable Compound. 98 out of 100 women report benefit. It will give you just the extra energy you need. Life will seem worth living again. Don't endure another day without the help this medicine can give. Get a bottle from your druggist today.

Lydia E. Pinkham's
VEGETABLE COMPOUND

An Old Idea

Aristotle once counted the teeth of his housekeeper and those of a male servant. He found four less teeth in the mouth of the woman and for hundreds of years it was taken for granted that men had four more teeth than women.

When sleeping, woodpeckers hang head down by their claws.

Waxed Tissue

The Mauretania Retires

Launched In 1904, This Vessel Covered 1,500,000 Miles During Its Years Of Service

The Cunard liner Mauretania, which has just been retired, was planned to be the fastest ship in the world, and not only won this distinction, but kept it for 22 years.

The Mauretania was built at the shipyard of Swan, Hunter and Wigman Richardson, at Wallsend, near Newcastle-on-Tyne, England, and was the first ship to have quadruple propellers.

The hull was launched on September 26, 1904, the Dowager Duchess of Roxburgh performing the launching ceremony. The ship's final trials took place on November 3, 1907, and she started on her first voyage to New York on November 16, 1907, making the crossing in five days, five hours and 10 minutes, and thus breaking all existing records at that time.

As late as July 1933, the Mauretania, on her way from Havana to New York, covered 112 miles at an average of 32 knots, or 36.84 land miles per hour. This record was made between Charysford Reef Light-house and Jupiter Inlet Light-house.

The Mauretania had steamed fully 1,500,000 miles, including more than 300 voyages across the Atlantic, and had been the scene of many of the West Indies and South America, and scouting and troop-carrying during the war. After milage was accumulated around the world sixty times. During her career she carried approximately 250,000 passengers. During the war she transported upward of 2000 soldiers.

The Mauretania was named for a former Roman province in Northern Africa.

Grading Of Print Butter

Will Shortly Be In Effect All Through West

Grading of print butter will soon be an accomplished fact in Western Canada. Hon. D. G. McKenzie, Manitoba Minister of Agriculture, has announced that the grading of creamery print butter sold in that province will go into effect June 1, enabling legislation having been passed recently by the province. Similar regulations are understood to have gone into effect in British Columbia and Alberta on May 1, and in Saskatchewan on June 1.

At the present time, under the Federal Dairy Industry Act, regulations provide for the grading and sale of all butter, whether in boxes or in pound prints, as only first, second, third or no grade, whereas formerly only such butter as was going on export or into storage was so graded. Under additions to the act last year provision was made for compulsory print grading, and the western provinces have been the first to pass enabling legislation.

The Most Precious Thing

If time be of all things most precious, wasting time must be the greatest prodigality, since time is never found again; and what is wasted can never be got back. All wisdom consists in just estimating the value of time. Let us then be up and doing, and doing to a purpose; so by diligence shall we do more with less perplexity.—Franklin.

Find Petrified Forest

Discovery of a petrified forest dating from a prehistoric age on the slopes of the Adahar mountains in Tiflis, Russia, has been announced. Professor Vinogradov of the Tiflis forestry institute, who made the discovery, said he found trunks of many different species of trees, some of gigantic proportions.

Chlorophyll, the green coloring matter in plant leaves, apparently is the only means by which solar energy is made available to the plant.

Old Smokes at Home!

"All up and down the whole plantation, gladly they room!" — choosing the young, sun-ripened leaves for Ogden's Cigarette Tobacco. Leaves that cannot pass the Ogden's quality test are kept "far, far away" from this mellow, satisfying cigarette tobacco. Confidence

Confidence is the bedrock on which human society rests. The entire world in all its varied activities is motivated by confidence. Destroy confidence and our civilization would disappear. It has been long accepted as a truism that there is life but one absolute certainty, which is death. And says one writer, all other activities, to a large extent, are dependent upon confidence for their being.

There is no word in our language that is more powerful in its full meaning, one that carries with it so practical an agency to accomplish our desires or to transmute our hopes into realities than that of confidence. It has been said that it is a plant of slow growth. Yet it is one that can be nurtured by individuals and groups of individuals and brought to full fruition with little effort. It is akin to faith in a particular proposition can be made an actuality by confidence. It is in a measure a question of application. Sometimes it is an ingrowth of reason, sometimes of intuition, but however acquired it is, as stated in our opening sentence, the bedrock on which human society rests.

A home is established on confidence, the confidence a man and a woman have in each other which begets respect and love; confidence which children have in their parents; confidence which parents seek for their children and in turn which they repose in their offspring. Lacking confidence, a home would be impossible.

A successful business can only be built up and maintained where there is confidence, the confidence which one partner reposes in another, which the shareholders have in their managing executive, which an employer extends to his employees, and which employees have for their employers, and finally which the business man has in his customers and his customers possess for him. Lacking such confidence, a business will inevitably end in bankruptcy.

So, too, is the life of the community founded in confidence. First there must be confidence that there is a future for the community or there will be no community because people would not remain to constitute one; people who constitute the community group must have confidence in the goodwill, ability and enterprise of their associates, otherwise confidence in the community itself would be lacking. And what is true of the community is true of the nation.

It is not only essential that the citizens of a community or nation possess confidence in themselves and in each other, but it is vitally necessary that other communities and nations repose confidence in them if they are to achieve the greatest success and rise to a proud place in the world. When confidence between peoples and nations is lost, the world is headed for trouble.

Furthermore, when a community or nation assumes an attitude or adopts a course of action which results in a withdrawal of confidence from it, such community or nation is bound to be the sufferer. Once a man breaks faith with another he destroys what, after all, is his greatest asset, the confidence which his fellow men repose in him. It may have taken a long time to win the confidence of others, but by one act it can be quickly destroyed and forever lost. And if a community, built up as communities are by the confidence that people have given to them, proceeds to evade its responsibilities and repudiate its obligations, it thereby destroys its most valuable community asset.

A dollar bill is only valuable because of the confidence which the public has in the Government or bank issuing the bill; lacking such confidence the piece of paper would be utterly valueless. If a pupil lacks confidence in his teacher, the teaching will be largely in vain. The sick patient's confidence in the doctor is the battle to a successful recovery. Lacking confidence in the safety of the track, or bridges to be crossed, of the despatcher at the telegraph key, of the trained engineer in the locomotive cab, few people could be induced to undertake a railway journey.

Let the reader consider what his or her own position in life would be if they lost all confidence in their fellow citizens, in the institutions of their nation, in everything animate and inanimate which surrounds them. They would become at inmates for a madhouse. Without confidence mankind simply could not continue to exist.

Notwithstanding this great truth, the fact remains that throughout the world to-day organized efforts are being put forth to destroy confidence in practically all things. Men and women are asked to place no confidence in the existence of God, to abandon their formerly held religious beliefs, to reject forms of government which it has taken centuries to develop to surrender confidence in themselves, their convictions, abilities, initiative and courage to the hands of a few men, and finally because they no longer have confidence in themselves, to become mere cogs in an economic and political machine operated by forces over which they will have surrendered all control.

Loss confidence in yourself and you destroy yourself, because with loss of confidence there is loss of self-control, loss of self-reliance, loss of ambition, loss of initiative and the power to do.

A Whale Of A Shark

The largest shark ever caught in South Africa waters was trawped in a fisherman's net at Hout Bay, near Capetown. It was 27 feet 6 inches long, 12 feet in girth, and weighed five tons. It fought madly for freedom for two hours before it was finally hauled into shallow water. Even then 14 bullets were needed to kill it.

Moving Church Uphill

To make way for the replanning of the city, the ancient church, Belvarosi Tempion, in Budapest, Hungary, is to be moved 16 yards up a hill. It will be eight yards higher in its new position. Special machinery for the operation has been designed by Lajos Fridrich, a well-known Hungarian engineer. The moving will cost \$250,000.

L. A. STARCK
Editor and Publisher

Thursday, May 9 1935

A deluge from the south, east turning about eleven o'clock into a wet more storm from the north was the weather condition on Monday, relating towards evening, spelling to a certain extent the holiday excursions that some were taking. However, it was something to be thankful for as it added a great deal of moisture to the land insuring quick germination but hindering seedling operations for a day or two.

DOANE-CARR

A quiet wedding was solemnized on Wednesday, May 8 at 3 p.m. at the United Church manse, when Miss Della Aime Carr and Mr. Orlo Leroy Doane, both of Vulcan, were united in marriage. Rev. Peter Dawson officiated at the ceremony. Mrs. Willa Houston and Mrs. Olivia Douglas were the witnesses. Mr. and Mrs. Doane will reside on their farm north of Vulcan.

Mr. and Mrs. Walter Hilton of Pierce, Idaho and Mel Miller of Julietta, Idaho, who have been visiting at the home of Mr. and Mrs. J. Gottenberg left for their homes in the States recently.

Mr. and Mrs. Fred Starr of Browning, Montana spent last week visiting at the home of Mrs. A. Caldwell, who is ill.

G. F. Beaumont, Barrister of Carmangay will be at the Chronicle office every Tuesday morning.

R. D. Farries was confined to his bed due to an attack of appendicitis. Mrs. Price is substituting on the school staff during his absence.

See our store Friday and Saturday for Cut Flowers, Beautiful Plants, garden seeds and everything Good to Eat at Campbell's.

M. F. Hamilton, accompanied by Miss Ethel Diemert and Mrs. A. Diemert motored to Kimberley, B. C. over the week end where they visited Mr. and Mrs. H. Frane and family.

Mrs. Guy Volsey entertained at dinner on Sunday when her guests included Mr. and Mrs. A. W. Jopling, Ruth Jopling, Percy Ann St. Peter and Miss Marjorie McCullough.

Swift's Hams, Bacon and Fresh Cooked Meats, Fresh Milk and Cream and all ice cold at Campbell's.

The lucky ones to receive the silver dollars at the Jubilee dance were, H. Hunziger, Geo. Smith, Miss Marandy, Lee Copeland, Barons and Royce Clark, Milo.

Local & General

Mrs. I. Dittis is a patient in the Vulcan hospital.

Mrs. A. Fieewood was visiting Mrs. Tyler over the week end.

Mrs. Mary Woodhall, who has been ill, is convalescing.

Mrs. Birkenes and son Robert, of Lomond are visiting the town's mother, Mrs. Seidler.

M. P. Hamilton is driving a new Pontiac purchased last week.

Little Miss Aileen Beaulier, who has been seriously ill, is improving.

Miss Mildred Boner of Calgary spent the holiday at her home.

Just arrived, the nicest line of Men's Dress Shoes and Oxford, all sizes, \$3.95 and \$4.95 pair at Campbell's.

People returning from the Coast report a backward spring there also.

Ed Latiff is a patient in the Holy Cross hospital, Calgary. Dr. Scarlett is the physician in attendance.

Mrs. Gordon Stewart, who has been seriously ill in the local hospital, is making fair progress toward recovery.

A million gardeners can't be wrong. They all say Lincoln Homestead Garden Pans are the Best, 35 lb. at Campbell's.

Mrs. P. Larkins is visiting in High River where her daughter Mrs. W. Colleen underwent an operation for appendicitis.

Mother's Day, Sunday, May 12th. Remember Her with a lovely Plant or Fresh Sowing Cut Flowers. Lovely bouquets as low as 25c doz. at Campbell's.

Louis Gary who has been visiting in Carmangay for the past few months was brought to the local hospital on Sunday, having suffered a second stroke.

If any parents desire to present their children for baptism at the Mother's day service kindly communicate with the minister.

Miss Ina Hammon was a Champion visitor Sunday. Miss Hammon expects to resume her position in Banff, when the season opens there.

The presidency of High River met at Staveland on Wednesday. J. W. Cain is the delegate elected from here to attend the Conference at Calgary on May 22nd.

Mrs. Rachel was a visitor in Calgary last week, where she attended the graduation exercises of the nurses of the General Hospital. Miss Mabel Rachel was among the graduates.

G. Mark is confined to his bed again at the hotel.

Mr. and Mrs. R. Barrager and Mrs. J. Castor are visiting in Vancouver.

Born—To Mr. and Mrs. A. Beert, on Tuesday, May 7th, a daughter.

Miss Augusta McNaughton accompanied by Mrs. Ed Latiff were Staveland visitors Saturday.

E. Sisson of Calgary spent the week end visiting his mother, Mrs. T. Sisson.

Vulcan Theatre—Monday, May 13th only. David Copperfield will be shown at three shows, 4:30, 7:00 and 9:30.

Mr. and Mrs. F. Watts and Patricia, accompanied by Miss Ruth Watts motored to Kimberley over the week end.

Howard St. Peter of Milo was a recent visitor in Champion, guest at the home of Mr. and Mrs. A. W. Jopling.

J. M. McEltart and D. Campbell took part in the Vulcan Orchestra at the Musical Festival in Lethbridge.

A pair of glasses were left at the home of Mrs. W. McRae. Will the owner please notify Mrs. McRae.

Dr. Dimock of Carmangay gave a short talk on cancer at a recent held in Lyons last week. The concert was in aid of King George V cancer fund.

Several quarantine signs are now in evidence, due to the epidemic of whooping cough which has spread throughout the district.

ENGAGEMENT ANNOUNCED

Mr. and Mrs. R. M. Gardner wish to announce the engagement of their second daughter, Joan Kathryn to Lawrence Michael Super of Vulcan, Alta. The marriage will take place shortly.

Mrs. Della Eller of Julietta, Idaho will spend the next three months visiting at the home of her daughter, Mrs. F. Gottenberg.

Miss Bertha Fleming, who has been at Nanton for the past month, returned to her home Monday through illness. She expects to leave for that point again when well.

Mr. Schultz, who has been in charge of the Western Canada Flour Mills elevator has been transferred to Carbon. Mr. Gifford of Crossfield taking his place here. Mrs. Gifford and family have taken up residence in the Harper house.

Mrs. Alex Gutz, accompanied by Mr. Gutz Sr. of Bolshaker were visitors at the home of Mr. and Mrs. G. F. Smith, Sunday.

The monthly meeting of the Champion Women's Institute will be held at the home of Guy T. Dow with Mrs. S. M. McElth as hostess, on May 14, at 2:30. The program will stress the Silver Jubilee of the King and Queen. A review, "Twenty five years a King," will be given by Mrs. J. H. Bastin. The roll call is "Historical Events" Everyone is invited to attend.
